

Flag Analysis

Identify the different shapes, including color and dimensions, that make up these flags. Use the flag's given dimensions (height x width) to estimate (or calculate?) the dimensions of the different shapes.

France (200 x 300)

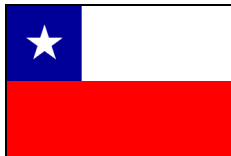

- _____
- _____
- _____

Finland (1100 x 1800)

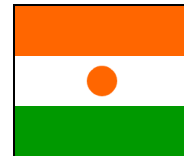

- _____
- _____
- _____

Chile (400 x 600)

- _____
- _____
- _____
- _____

Niger (600 x 700)

- _____
- _____
- _____
- _____

Cameroon (240 x 360)

- _____
- _____
- _____
- _____

Cuba (175 x 350)

- _____
- _____
- _____
- _____
